

DRIVER / HIAB OPERATOR

INFRATEC-UK currently have opportunities for a Driver / HIAB Operator to transport equipment to highway maintenance and repair contracts and provide lifting duties to assist in the installation of technology systems.

The successful candidate will have previous experience of operating load and secure methods as well as experience of operating a HIAB lorry mounted crane, hold a Class 1 HGV Licence and have a good geographical knowledge of major motorways.

Our Head Office is based in Middlesbrough, but the role will require UK wide travel and working away from home during working week will be required.

Main duties and responsibilities for this role will include:

- Delivery and collection of equipment from and to site
- Operating Lorry mounted cranes to carry out lifts as per agreed lift plans.
- Managing tachograph in line with legislative requirements
- Ensuring all health and safety requirements are adhered to whilst driving, loading and unloading of equipment.
- Work flexibly and carry out any suitable duties

The ideal candidate will have the following skills and experience:

- Full UK Driving License.
- Class 1 HGV License.
- Experience of Lorry Mounted crane operations
- Experience in load and secure methods.
- CPC Card
- Tacho Card
- HIAB/Lorry Loader Certification
- Committed / hardworking / reliable worker
- General willingness to be helpful, enthusiastic and flexible
- Able to work as an individual and as part of a team

Desirable, but not essential

- ALLMI Lorry Loader or CPCS Lorry Loader
- ALLMI Slinger / Signaller
- IPAF 1B, 3A & 3B

Based: Middlesbrough but with extensive travel throughout the UK.

Hours: 45 hours per week

Salary: Competitive plus overtime.
